

LED Lighting – Elite Dry Cleaners & Laundry

Laundromat upgrades to LED

Company Profile:

Owner operates a few coin laundromats and Dry Cleaners.

Project Description:

Owner had T12 fluorescent tubes using 34 watts in 2 locations. They were 4 bulb fixtures that he decided to delamp using 2 of our Vootu 22 watt 4 foot LED T8 tubes. His locations are open 13.5 hours daily. **This resulted in an energy reduction of 69%.** The owner did the installation himself maximizing his return on investment. This project resulted in energy only savings of \$171.58 monthly savings. The owner, Joe Muller, said... "No more bulbs and ballasts, what an investment!"

Previous Annual Energy Cost: \$2,995.84

Current Annual Operating Cost: \$936.84

Annual Savings: \$2,059.00

ROI: 0.84 years or 10.5 months!!
